

Seneca Flight Operations
A division of Seneca Foods Corporation

JOB POSTING

PIC/PROFESSIONAL PILOT
JANESVILLE, WISCONSIN

POSTED 05/13/2020

Seneca Flight Operations has been providing safe flight services for over 65 years. Our headquarters is based in Western New York at the Penn Yan Airport (KPEO) where we maintain our headquarters and operate and maintain the all aspects of the airport.

We are currently seeking candidates for an FAR PART 91 PIC position for our Cessna Citation II based in Janesville, Wisconsin. At the present time, this aircraft is operated Part 91 only but we may eventually bring the aircraft onto our Part 135 fleet. Consequently, we train all flight crews to Part 135 standards with full service contracts at Flight Safety International.

Because we are a Part 135 carrier and put Safety above all, random drug and alcohol screening is a necessity. Flight Crews train with Flight Safety International in Orlando, Florida. Please be aware that a two year training contract is required for all new employees.

PIC Candidates will possess 1500 or more hours of total flight time, 1000 hours multi-engine, 500 hours turbine. FAR 135 experience is a plus. ATP rating required.

Seneca Flight Operations is a division of Seneca Foods Corporation (NASDAQ: SENE), a \$1.3 Billion food processing company with 27 locations across the United States.

Our pilots enjoy a full benefit package including medical, dental, EAP, matching 401K after 1 year and up to 4 weeks' vacation as well as company holidays.

We do not utilize a schedule that allows for commuting long distances in order to work here. There is no set schedule - though none of our pilots ever work on Thanksgiving or Christmas and we do have scheduled days off each month for our pilots.

Thank you for your interest. Seneca Foods is an Equal Opportunity Employer and does not discriminate on the basis of race, color, gender, age, religion, national origin, disability, or any other protected category.
